EVENT OVERVIEW

We are delighted to announce the premier Cyber Security event in Sri Lanka - 2nd Annual Cyber Security for Financial Services- the only dedicated event for BFSI sector in the region to be held in the Mövenpick Hotel, Colombo on 26th April 2019.

As you might be aware of, Government of Sri Lanka is actively pursuing to secure its cyber-perimeter by independent authorities like SL CERT | CC and FINCSIRT. While creating a regular platform for monitoring the progress, we are bringing a handful of international experts to address the challenges and solutions to the region- especially to encourage collaboration between authorities, FIs, FinTech and retail firms.

In view of the topic being discussed, we have also invited a handful of international experts to understand the current cyber-security landscape in the region, review the measures taken and recommend appropriate strategies.
