AiSP Knowledge Series – Cloud Security on 12 April 2023!

AiSP Knowledge Series
Cloud Security [Register Now!](#)

12 APR 2023 | ZOOM | 3PM – 5PM

Speakers:

- Jeff Yeo**
Leader, Solutions Engineering – APJ
Cisco System
- Susanto Leman**
Principal Solution Consultant
Fortinet
- Marlene Veum**
Independent Cybersecurity Consultant & Advisor, Web3 and Decentralized Technologies
Wissen

Organised by AiSP Association of Information Security Professionals

In support of DIGITAL FOR LIFE PLAY IT FORWARD

Supported by CISCO CSCIS FORTINET WISSEN Cyber Security Competency Development

INFOCOMM MEDIA DEVELOPMENT AUTHORITY

In this Knowledge Series, we are excited to have Cisco, Fortinet & Wissen to share with us insights on Data & Privacy. Based off Information Security Body of Knowledge (BOK) 2.0 content topics, AiSP has been organising a series of knowledge-sharing & networking events to enable our members with a better understanding of how IS-BOK can be implemented at workplaces.

AiSP Bug Bounty Workshop on 13 April 2023!

The graphic is a vibrant yellow and orange poster for a Bug Bounty Workshop. At the top left, it states the date and time: '13 April 2023, Thursday | 9:30am to 5:00pm' and the location: 'SIT @ NYP'. The central illustration features a blue alien-like character with a red visor and a red arrow pointing towards a laptop. Below this, the title 'Bug Bounty Workshop' is written in a large, bold, white font with a red underline. At the bottom, logos for the organizing and supporting entities are displayed: AiSP (Association of Information Security Professionals), YES WE HACK, SIT (Singapore Institute of Technology), Tenable, and WISSEN (Cyber Security Competency Development).

13 April 2023, Thursday | 9:30am to 5:00pm **SIT @ NYP**

Initiation into Bug Bounty: Hands-on Workshop
followed by a **Bug Bounty Challenge**

BitK
Tech Ambassador
YesWeHack

Discover Vulnerability Across the Modern Attack Surface with Exposure Management

Dick Bussiere
Technical Head, APAC
Tenable

Build a successful pentest career with EC-Council

Judy Saw
Director of Business Development
Wissen International

Organised by **AiSP** **YES WE HACK**

Supported by **SIT** **tenable** **WISSEN**

In this hands-on workshop, attendees will have the opportunity to get started in the world of Bug Bounty. YesWeHack will provide a pre-configured "hacking playground" – a fake online shop with common vulnerabilities and security flaws – as well as guidance on installing the hacking tools needed to identify and exploit these vulnerabilities. Working independently, attendees will use the tools and techniques discussed in the workshop to find and exploit vulnerabilities in the hacking playground. This workshop is ideal for anyone interested in learning more about Bug Bounty and gaining hands-on experience in a controlled setting. By the end of the workshop, attendees will have a better understanding of the challenges and rewards of Bug Bounty, and be better equipped to start their own Bug Bounty journey.

Sign up for Qualified Information Security Professional (QISP) Exam before 30 April!

A promotional poster for the AiSP QISP EXAM. The background is dark blue with a network of glowing blue dots and lines. At the top, the AiSP logo is displayed in white, with the tagline 'Advance Connect Excel' in smaller text below it. Below the logo, 'QISP EXAM' is written in large, bold, white letters. Underneath, a line of text says 'Increase your certification profile and sign up for QUALIFIED INFORMATION SECURITY PROFESSIONAL (QISP) exam!'. Further down, it states 'Complimentary FIRST year Membership till 31 Dec 2023'. A section titled 'Price' lists two offers: 'Sign up before 30 April to get \$50 off (U.P \$370)' and 'Sign up in bulk of 10 to get \$70 off per pax'. Below this, a line of text in yellow says 'For individual sign up, please register via the qr code here'. A QR code is centered below the text. At the bottom, another line of text in yellow says 'To sign up in bulk of 10, please send to secretariat@aisp.sg'.

If you have One (1) to five (5) years of working experience in Information Security; or Formal training in cyber security in an educational institution and would like to increase your certification profile, sign up for AiSP one and only Qualified Information Security Professional (QISP) exam! Complimentary 1- year AiSP membership (till 31 Dec 2023) will be given to all candidates who have signed up for the exam. Sign up before 31 April to get \$50 off the exam price (U.P \$370) which is just **\$320** before GST to achieve the certification!

AiSP QISP Exam is based on IS-Body of Knowledge 2.0:

- Validated by corporate companies, IHLs and associations.
- This includes government agency such as GovTech, IHL schools such as polytechnics and associations such as Singapore Computer Society and SGTech.
- Developed by referencing from the Skills Framework for Infocomm Technology by IMDA on cybersecurity topics.

Elevating Transformation With Digital Trust 25 April 2023

As a wave of digital transformation continues, increasing data and workloads are sitting in the cloud. While this has driven efficiencies for organizations it has also increased the attack surface. Customer and business partnerships can be irreparably damaged and trust lost if data and systems are breached, so effectively securing access to data and systems, regardless of where they reside is paramount. Join us to learn more about the importance of digital trust in your transformation journey, and how you can build confidence in the integrity of your digital ecosystem by safeguarding your systems and data.

Professional Course Development

EC-Council's Blockchain Certifications Overview

EC-Council's blockchain certification courses are curated by experts to support the growing demand for skilled blockchain professionals.

These programs have been designed to meet the industry requirements of developers, business leaders, and fintech professionals in this rapidly growing area.

Our blockchain certification courses consist of three knowledge and competency areas: development, implementation, and strategy.

During the course, students get exposure to multiple blockchain implementation concepts and a unique guideline for sustainable and scalable blockchain development using quantum-resistant ledgers.

Considering the market opportunity and skills required for different target groups, EC-Council has launched three new blockchain programs:

- 1. Blockchain Business Leader Certification (BBLC)**
- 2. Blockchain Fintech Certification (BFC)**
- 3. Blockchain Developer Certification (BDC)**

Blockchain technology is becoming more prominent in today's digital world, and getting certified is a great way to showcase your knowledge and lend credibility to your resume.

EC-Council's expert-designed courses will provide you with hands-on experience and help you gain valuable insights that are mapped to real job roles.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!
