Join us for SOC 101 | Trust No Files on 12 July!

SOC 101 | TRUST NO FILES
12 JULY 2023 | 6PM SGT

Johnny Kho
AiSP, President

Paul Hadjy
Horangi, CEO and
Founder & SFA
Cybersecurity
Committee

Grace Chong
Gibson Dunn, Of
Counsel

Mark Chen
Votiro, Technical
Director, APJ

George Seah
Votiro, Technical
Consultant, APAC

Jointly brought to you by:

Financial institutions face an ever-growing threat from incoming files. Every loan application uploaded to a web portal emailed spreadsheet or signed PDF sent to an account manager can contain malicious code that threatens the organization. All files are suspect.

Ransomware campaigns and other destructive malware are running rampant as malicious actors seek out high-value targets to coerce and compromise. And the need for strong security is more critical now as the risk of file-borne threats has never been greater.

Professional Course Development

EC-Council's Blockchain Certifications Overview

EC-Council's blockchain certification courses are curated by experts to support the growing demand for skilled blockchain professionals.

These programs have been designed to meet the industry requirements of developers, business leaders, and fintech professionals in this rapidly growing area.

Our blockchain certification courses consist of three knowledge and competency areas: development, implementation, and strategy.

During the course, students get exposure to multiple blockchain implementation concepts and a unique guideline for sustainable and scalable blockchain development using quantum-resistant ledgers.

Considering the market opportunity and skills required for different target groups, EC-Council has launched three new blockchain programs:

- 1. Blockchain Business Leader Certification (BBLC)**
- 2. Blockchain Fintech Certification (BFC)**
- 3. Blockchain Developer Certification (BDC)**

Blockchain technology is becoming more prominent in today's digital world, and getting certified is a great way to showcase your knowledge and lend credibility to your resume.

EC-Council's expert-designed courses will provide you with hands-on experience and help you gain valuable insights that are mapped to real job roles.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!

AiSP Courses to help advance in your Career & Knowledge
