Join us for Czechia – Singapore CyberSecurity Online Meetup on 19 September!

CZECHIA - SINGAPORE

CYBERSECURITY ONLINE MEETUP

TUESDAY

 **LIVE STREAM**

 19TH SEP  3PM - 5PM (SGT)

				
Richard Kadlčák Special Envoy for Cyber Space, Ministry of Foreign Affairs of the Czech Republic	David Cermak CEO, Blindspot	Tesvin Choon Senior Business Devt Manager, Cloud, Fortinet Singapore	Dr. Ondrej Ryšavy Associate Professor, Faculty of Information Technology, Brno University of Technology	Dr. Yang Liu Professor, Nanyang Technological University

Organised By

Ministry of Foreign Affairs
of the Czech Republic

Supported By

AiSP, Embassy of the Czech Republic in Singapore, CzechTrade and CzechInvest Singapore bring together specialists from various fields of cyber security to share their knowledge of countering the ever-rising threat of cyber-attacks. The aim is to promote innovative solutions, engage inspiring professionals and build a united front against cyber threats. Our shared vision is to create a safer digital environment for individuals, organizations, and nations, ensuring the integrity, availability, and confidentiality of data and systems worldwide.

- SEA CC WEBINAR - DATA & PRIVACY
- SEA CC WEBINAR - CYBERSECURITY
- SEA CC LADIES IN CYBER WEBINAR
- SEA CC FORUM 2023

ORGANISED BY

AiSP **APT/STAS** **ASEAN** **ASEAN Cybersecurity** **MOU** **MISA** **TISIR** **YNISA** **NSA**

In an increasingly interconnected world, the digital landscape is more dynamic than ever before. As Southeast Asia continues to thrive in the digital age, ensuring a safe and secure cyberspace is of paramount importance. With the rise of cyber threats and vulnerabilities, the need for collaboration, knowledge sharing, and innovative solutions is greater than ever.

Join us for a pivotal forum where South East Asia Cybersecurity Consortium converge to address the pressing issues surrounding the safety of our digital ecosystem. This gathering serves as a catalyst for comprehensive dialogue, fostering cooperation, and forging a path toward a safer cyberspace for our region.

Professional Course Development

EC-Council's Blockchain Certifications Overview

EC-Council's blockchain certification courses are curated by experts to support the growing demand for skilled blockchain professionals.

These programs have been designed to meet the industry requirements of developers, business leaders, and fintech professionals in this rapidly growing area.

Our blockchain certification courses consist of three knowledge and competency areas: development, implementation, and strategy.

During the course, students get exposure to multiple blockchain implementation concepts and a unique guideline for sustainable and scalable blockchain development using quantum-resistant ledgers.

Considering the market opportunity and skills required for different target groups, EC-Council has launched three new blockchain programs:

- 1. Blockchain Business Leader Certification (BBLC)**
- 2. Blockchain Fintech Certification (BFC)**
- 3. Blockchain Developer Certification (BDC)**

Blockchain technology is becoming more prominent in today's digital world, and getting certified is a great way to showcase your knowledge and lend credibility to your resume.

EC-Council's expert-designed courses will provide you with hands-on experience and help you gain valuable insights that are mapped to real job roles.
