Cyber intelligence Briefings -

Tense China-Taiwan Relations - Engagement on the Cyber Battlefield from Europe on 21 June!

In our upcoming exclusive webinar, we will address the pressing issue of Chinese Advanced Persistent Threat (APT) groups and their escalating activities, particularly considering heightened tensions with Taiwan. Recent research conducted by CYFIRMA has revealed persistent cyberattacks from APT27, targeting at critical industries & organizations, and utilizing tactics and tools reminiscent of their counterpart, APT41.

UNDERSTANDING RED TEAMING AND PURPLE TEAMING EXERCISE

28 JUN 23, WEDNESDAY | 3PM - 5PM | JUSTCO @ MARINA SQUARE

Gerard De Las Armas Principal Cyber Security Consultant wizlynx group	Lei Yeh Sr. Cyber Security Consultant wizlynx group	Sunny Neo AiSP EXCO Member Senior Red Team Consultant Mandiant	Darrel Huang Senior Cybersecurity Engineer, GovTech Cybersecurity Group	Meng Chow Kang Adjunct Associate Professor, Nanyang Technological University Director & Principal Consultant, Aventus Pte Ltd	Leow Kim Hock Asia CEO wizlynx group

As the prevalence and sophistication of cyber threats continue to grow, companies of all sizes are becoming increasingly aware of the risks posed by potential cyber-attacks. In response, organizations are implementing various defensive layers, mechanisms, and solutions to prevent such threats, including firewalls, IDS, IPS, and other systems that form the front line against malicious activities. Additionally, the human element – the so-called "Blue Team" – configures, maintains, and operates this infrastructure.

SOC 101 | Trust No Files 12 July 2023

Financial institutions face an ever-growing threat from incoming files. Every loan application uploaded to a web portal emailed spreadsheet or signed PDF sent to an account manager can contain malicious code that threatens the organization. All files are suspect. Ransomware campaigns and other destructive malware are running rampant as malicious actors seek out high-value targets to coerce and compromise. And the need for strong security is more critical now as the risk of file-borne threats has never been greater.

THE CRIMINAL BEHAVIOURAL ANALYSIS COMPETITION IS BACK.
AND IT'S YOUR CHANCE TO SHOW OFF
YOUR DETECTIVE SKILLS TO WIN EXCITING PRIZES

**WORTH
UP TO S\$9,000!**

IF YOU'RE A YOUNG INVESTIGATOR FROM JUNIOR COLLEGE,
AN INTERNATIONAL SCHOOL, POLYTECHNIC, ITE OR UNIVERSITY,
GATHER YOUR TEAM OF 4 AND CRACK THE CASE TO WIN.

REGISTRATION IS NOW OPEN

Criminal Behavioural Analysis Competition 2023: Youths Against Scams 8 – 15 July 2023

Calling all Youths who are in JC, Poly, ITE and University. If you're a budding profiler, it's now your chance to put your detective skills to test and win exciting prizes worth up to \$9,000! Simply gather your peers in teams of fours to join the Criminal Behavioural Analysis Competition 2023: Youths Against Scams. The competition is open to matriculated Junior College, International School (JC age-equivalent), Polytechnic, ITE and University students.

The competition will take place in July with 3 segments:

Round 1 (8 July 2023, Online, begins at 10.00am SGT): This is an online round where participants start to investigate a (fictitious) murder case. At the same time, begin earning your points by taking part in various games and quizzes;

Round 2 (8 July to 14 July 2023, Online): During this period, collect and analyse online clues to help profile the case and solve the crime.

Round 3 (15 July 2023, In-Person, begins at 1.00pm SGT): Take part in exciting in-person profiling activities hosted by Ms Annette Lee to solve the crime and identify the perpetrator of the crime. Guest of Honour, Ms Sun Xueling, will also be on ground to check out your skills.

Ready for the challenge? Registration is on a first-come-first-served basis, so register your team of four now at [here](#) or by scanning the QR code in the poster (psst, only 1 registration required per team).

Looking forward to seeing you at the Competition.

IndoSec 2023 29 – 30 August 2023

Being at the cusp of Industry 4.0, Indonesia witnessed a record 11.8 million cyberattacks in just the first quarter of 2022. The archipelago even suffered the highest number of ransomware attacks throughout Southeast Asia that accounted to 1.3 million.

The situation went few notches above the country's threshold when attacks on Indonesian FIs in 2022 became 252% above the global average. Moreover, it has been estimated that the large and mid-sized companies in the country have to incur losses up to \$6.7 million and \$33,500 respectively.

To promote collaboration between the public & private sector and curb the efforts of the malicious actors, Tradepass is hosting the 6th edition IndoSec on 29 – 30 August 2023 at The Ritz-Carlton Jakarta Pacific Place.

Professional Course Development

EC-Council's Blockchain Certifications Overview

EC-Council's blockchain certification courses are curated by experts to support the growing demand for skilled blockchain professionals.

These programs have been designed to meet the industry requirements of developers, business leaders, and fintech professionals in this rapidly growing area.

Our blockchain certification courses consist of three knowledge and competency areas: development, implementation, and strategy.

During the course, students get exposure to multiple blockchain implementation concepts and a unique guideline for sustainable and scalable blockchain development using quantum-resistant ledgers.

Considering the market opportunity and skills required for different target groups, EC-Council has launched three new blockchain programs:

- 1. Blockchain Business Leader Certification (BBLC)**
- 2. Blockchain Fintech Certification (BFC)**
- 3. Blockchain Developer Certification (BDC)**

Blockchain technology is becoming more prominent in today's digital world, and getting certified is a great way to showcase your knowledge and lend credibility to your resume.

EC-Council's expert-designed courses will provide you with hands-on experience and help you gain valuable insights that are mapped to real job roles.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!
