

AiSP News & Highlights

LAST WEEK for The Cybersecurity Awards 2023 Call for Nomination ending on 14 May 2023!!

In its sixth year, The Cybersecurity Awards 2023 seeks to honour outstanding contributions by individuals and organisations, to local and regional cybersecurity ecosystems. The Awards are organised by the Association of Information Security Professionals (AiSP), and supported by Cyber Security Agency of Singapore and the following professional and industry associations that are part of the Singapore Cyber Security Inter Association – Centre for Strategic Cyberspace + International Studies (CSCIS), Cloud Security Alliance Singapore Chapter, HTCIA Singapore Chapter, ISACA Singapore Chapter, (ISC)2 Singapore Chapter, Operational Technology Information Sharing and Analysis Center (OT-ISAC), The Law Society of Singapore, Singapore Computer Society and SGTech.

If you know any individuals and companies who have contributed significantly to the cybersecurity industry, it is time to be recognized now! Nomination forms are attached for the submission according to the categories.

Nomination will end on 14 May 2023. All submissions must reach the secretariat by 14 May 2023.

For more details on the awards, visit our website [here!](https://www.thecybersecurityawards.aisp.sg)

Sign up for Qualified Information Security Professional (QISP) Exam before 31 May!

The graphic is a dark blue rectangle with a subtle pattern of light blue dots and diagonal lines. At the top center is the AiSP logo, with 'AiSP' in large white letters and 'Advance Connect Excel' in smaller red and white text below it. Below the logo is a white rounded rectangle containing the text 'QISP EXAM' in bold blue letters. Underneath this, the text 'Increase your certification profile and sign up for QUALIFIED INFORMATION SECURITY PROFESSIONAL (QISP) exam!' is written in white. Further down, 'Complimentary FIRST year Membership till 31 Dec 2023' is displayed in white, followed by 'Price' in white. Then, 'Sign up before 31 May to get \$50 off (U.P \$370)' and 'Sign up in bulk of 10 to get \$70 off per pax' are written in white. Below this, 'For individual sign up, please register via the qr code here' is written in yellow. In the center is a square QR code. At the bottom, 'To sign up in bulk of 10, please send to secretariat@aisp.sg' is written in yellow.

Cyber intelligence Briefings - The Threat of ARES Leaks 24 May 2023

In this upcoming webinar, we will share our finding on ARES, a new threat actor group identified by CYFIRMA Research, that sells corporate and government authority databases. They exhibit cartel-like behavior, associate with other threat actors including RANSOMHOUSE, KelvinSecurity, and Adrastea hacker groups. ARES Leaks aims to rival BreachedForum by adding more threat actors and leaks to their platform. The ARES group consists of penetration testers, malware developers, and offers Botnet and DDoS services. The admin of ARES is involved in selling Zero-day vulnerabilities, indicating their exploitation of such vulnerabilities to compromise systems.

Social Engineering (E-Commerce Fraud, Tech Support Fraud) 31 May 2023

To mitigate the risk of social engineering attacks, organizations must educate their employees on the various tactics employed by attackers and the importance of safeguarding sensitive information. It is also crucial to implement strict security protocols, such as multi-factor authentication and encryption, to protect against unauthorized access to sensitive data. By taking these measures, organizations can better protect themselves against the insidious threat of social engineering attacks. Join us in the coming workshop to find out more on the various measures needed to fight against social engineering.

Professional Course Development

EC-Council's Blockchain Certifications Overview

EC-Council's blockchain certification courses are curated by experts to support the growing demand for skilled blockchain professionals.

These programs have been designed to meet the industry requirements of developers, business leaders, and fintech professionals in this rapidly growing area.

Our blockchain certification courses consist of three knowledge and competency areas: development, implementation, and strategy.

During the course, students get exposure to multiple blockchain implementation concepts and a unique guideline for sustainable and scalable blockchain development using quantum-resistant ledgers.

Considering the market opportunity and skills required for different target groups, EC-Council has launched three new blockchain programs:

- 1. Blockchain Business Leader Certification (BBLC)**
- 2. Blockchain Fintech Certification (BFC)**
- 3. Blockchain Developer Certification (BDC)**

Blockchain technology is becoming more prominent in today's digital world, and getting certified is a great way to showcase your knowledge and lend credibility to your resume.

EC-Council's expert-designed courses will provide you with hands-on experience and help you gain valuable insights that are mapped to real job roles.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!

AiSP Courses to help advance in your Career & Knowledge

Qualified Information Security Professional Course (QISP) E-Learning

The banner features a dark blue background with a glowing shield icon in the center. The text 'Qualified Information Security Professional (QISP)' is prominently displayed in white. A yellow starburst with the word 'NEW' is in the top right corner. Below the main title, there is an image of a laptop with a play button icon on its screen, followed by the text 'Prepare for QISP Certification with QISP e-Learning Programme!'.
