Join as Career Mentors for NTUC Mentors Community!

We firmly believe that nurturing talent and fostering professional growth for the youth and PMEs are pivotal to our organization's success in membership and mindshare. Mentorship is a cornerstone in achieving these goals, and your department plays a crucial role in the success of MCE.

For Your Mentors: We invite your mentors to come on board and to share their wealth of knowledge and expertise.

By participating as mentors in our ecosystem, they will have the opportunity to:

1. Make an Impact: Mentorship is a meaningful way to give back to the society and guide the next generation of talent.
2. Personal Growth: Being a mentor provides personal and professional growth opportunities by attending training tailored for them.
3. Networking: Mentors can expand their professional network by connecting with other mentors from diverse backgrounds and experiences.

For mentors who are interested in participating, please register below. We will work closely with you to ensure a smooth onboarding process.

We truly believe that together, we can create a dynamic and supportive environment that empowers our workers to better life, better welfare, and better job prospect.

Organised by the Association of Information Security Professionals (AiSP), the AiSP SME Conference is a unique event that brings together organisations to discuss the importance of being cyber aware and stay protected. The event will provide our speakers with the opportunity to share their experience, skills and knowledge to show how cybersecurity can help companies to stay protected. AiSP aims to elevate cybersecurity awareness among companies and establish a self-sustaining ecosystem with active participation from government agencies, business associations, cybersecurity communities, and solutions provider.

Our theme for this year conference is “Sustaining growth and innovation securely in this challenging business environment”.

As part of AiSP Cybersecurity Awareness and Advisory Programme (CAAP), this event is for Singapore Enterprise and SMEs to know more about cybersecurity as a business requirement and how they can implement solutions and measures for cyber-resilience. CAAP hopes to elevate cybersecurity awareness as integral part of business owner’s fundamentals and establish a self-sustainable support ecosystem programme with active participation from agencies, business associations, security communities and solutions provider.

Date : 15 May 2024
Time : 9AM – 3PM
Venue : Suntec Convention Centre
Guest of Honour:
Morning: AiSP Patron – Senior Minister of State, Ministry of Communications and Information & Ministry of National Development - Mr Tan Kiat How
Afternoon: Member of Parliament for Pasir Ris-Punggol GRC & NTUC U SME Director - Ms Yeo Wan Ling

| **Does Your Organization Suffer from an Identity Crisis?**  
23 April 2024 |
| ![Does Your Organization Suffer from an Identity Crisis?](image) |
| As cyberattacks continue to increase in volume and sophistication, it is not a matter of if, but when, your organization will have an incident. Threat actors target accounts, users, and their associated identities, to conduct their malicious activities through lateral movement and poor security hygiene. Detecting and defending against these malicious activities should be the basis of all modern cybersecurity initiatives.  
  
This session details the risks associated with poor identity security disciplines, the techniques that external threat actors and insiders leverage, and the operational best practices that organizations should adopt to protect against identity theft, account compromises, and to develop an effective identity security strategy.

### MoU Signing between softScheck and TÜV Rheinland

On 7 March, softScheck APAC celebrates a milestone, announcing a strategic partnership with TÜV Rheinland APAC. Supported by AiSP and SGTech, the collaboration addresses cybersecurity challenges in APAC. Ms. Sabine Florian's keynote, representing SGC, emphasizes talent development. The partnership, blending ISO27001 consulting, PCI DSS, Cybersecurity Services, and more, taps into 100 experts, aiming to double the talent pool in two years. Targeting 100 companies, softScheck APAC and TÜV Rheinland aim to enhance cybersecurity by 2024-2025, navigating the evolving threat landscape.

The question is not if, but when a cyber incident will occur?

EC-Council's Certified Incident Handler (ECIH) program equips students with the knowledge, skills, and abilities to effectively prepare for, deal with, and eradicate threats and threat actors in an incident.

The newly launched Version 3 of this program provides the entire process of Incident Handling and Response and hands-on labs that teach the tactical procedures and techniques required to effectively Plan, Record, Triage, Notify and Contain.

ECIH also covers post incident activities such as Containment, Eradication, Evidence Gathering and Forensic Analysis, leading to prosecution or countermeasures to ensure the incident is not repeated.

With over 95 labs, 800 tools covered, and exposure to Incident Handling activities on four different operating systems, ECIH provides a well-rounded, but tactical approach to planning for and dealing with cyber incidents.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!
AiSP Courses to help advance in your Career & Knowledge

Qualified Information Security Professional Course (QISP) E-Learning

Prepare for the Qualified Information Security Professional (QISP) examination with our newly developed e-learning course, launched on 1 March 2024!

Our highly responsive e-learning platform will allow you to learn anytime, anywhere with modular courses, interactive learning and quizzes. Complete the course in a month or up to 12 months! Enjoy lean-forward learning moments with our QISP/QISA preparatory e-learning course. Receive a certificate of completion upon completion of the e-learning course. Fees do not include QISP examination voucher. Register your interest here!
