

AiSP Events and Updates

AiSP LITE Conference 2025 8 April 2025

The Legal Investigative Technology Experts (LITE) Conference is a specialized event designed to bring together professionals from the legal, investigation, and technology space to explore the role of cutting-edge technology in the field of legal investigations. As the digital landscape continues to evolve, the intersection of technology, law, and investigation has become more complex, requiring experts to stay ahead of the curve to effectively tackle emerging challenges.

This conference offers a unique platform for legal professionals, law enforcement, forensic experts, and technology innovators to engage in discussions and collaborations on the use of advanced investigative tools, software, and methodologies. Key topics often include digital forensics, e-discovery, data privacy, cybersecurity, AI in investigations, blockchain, and the integration of emerging technologies into legal frameworks.

Organized by AiSP, through keynote presentations, and expert panels, participants will gain insights into how innovative tools and practices are shaping the future of digital investigations.

Navigating the Digital Future: Cyber Resilience in an Era of AI, Quantum and Conflict 14 April 2025

In an age defined by rapid technological advancements and global uncertainties, the need for robust cyber resilience has never been more critical. As artificial intelligence (AI) and quantum computing reshape the digital landscape, new vulnerabilities and threats emerge, challenging organizations and individuals alike to safeguard their digital assets. Furthermore, the rise of cyber conflict and state-sponsored attacks highlights the importance of a resilient cyber infrastructure that can withstand and recover from disruptions.

CS4CA APAC & APAC Cyber Summit 16 – 17 April 2025

We are excited to announce that AISP is partnering with the global IT & OT Security conferences Cyber Security for Critical Assets (CS4CA) APAC and APAC Cyber Summit!

These joint events offer a unique platform for over 150 senior cyber security decision-makers to connect, be inspired and collaborate on building a more resilient digital frontier in the region.

Over 2 days, the events will deep dive into key industry challenges, such as:

- 🔒 Securing Legacy OT in a Digitalised World
- 🔒 Integrating OT Architecture to the Cloud
- 🔒 Cyber Regulation and Compliance
- 🔒 Managing Cyber Risks Across the Supply Chain

Members of AISP can redeem a complimentary pass with the code "AISP"

Secure your complimentary pass online today to earn up to 12 CPD credits for your attendance!

Blackpanda Recognized with APPACT Appreciation Awards for 2022, 2023, and 2025

Blackpanda is proud to be awarded the **APPACT Appreciation Awards** by the **Singapore Police Force CyberCrime Command** for three consecutive years—2022, 2023, and 2025. This recognition honors our contribution to strengthening public-private collaboration in combating cybercrime and advancing cyber resilience across Singapore.

At Blackpanda, we believe **cyber emergency response should be as accessible as public emergency services**. Our **IR-1** solution—Asia's first fixed-cost cyber incident response subscription—reflects this commitment, ensuring that immediate, frontline cyber response is just a phone call away.

We are grateful to the **CyberCrime Command (CCC)** for this recognition and extend our congratulations to our fellow APPACT partners who were also honored at the Appreciation Dinner. Together, we are building a safer digital ecosystem for all.

QISP Exam Preparatory E-Learning Course

Prepare for QISP Exam via E-Learning Anytime, Anywhere!

Our e-learning program is perfect for those who want to prepare for the QISP Exam based on AiSP IS-BOK domains. With access for 12 months, you can study at your own pace on our beautifully designed and responsive e-learning platform.

Grab the exclusive launch offer at SGD 499 nett!

Special price of SGD 429 nett for AiSP members!

- Governance and Management
- Physical Security and Business Continuity
- Security Architecture and Engineering
- Operation and Infrastructure Security Software Security
- Software Security
- Cyber Defense

WISSEN Cyber Security Competency Development | enquiry@wissen-intl.com | www.wissen-intl.com

Prepare for the Qualified Information Security Professional (QISP) examination with our newly developed e-learning course, launched on 1 March 2024!

Our highly responsive e-learning platform will allow you to learn anytime, anywhere with modular courses, interactive learning and quizzes. Complete the course in a month or up to 12 months! Enjoy lean-forward learning moments with our QISP/QISA preparatory e-learning course. Receive a certificate of completion upon completion of the e-learning course. Fees do not include QISP examination voucher. Register your interest [here!](#)

AiSP Courses to help advance in your Career & Knowledge

Qualified Information Security Professional Course (QISP) Preparatory Course 14 – 16 April 2025

REPUBLIC POLYTECHNIC | SCHOOL OF INFOCOMM **AiSP**
Advance Connect Excel

Qualified Information Security Professional (QISP) Preparatory Course

(SkillsFuture Funded)

About the Course
Designed for entry to mid-level professionals, this course covers key domains from the AiSP Information Security Body of Knowledge 2.0 (IS-BOK 2.0), including Governance & Management, Physical Security, Security Architecture, and Cyber Defence. It prepares learners for the QISP examination.

Key Learning Outcomes

- Align security goals with business strategies.
- Implement governance, risk management, and compliance measures.
- Design and manage secure architectures.
- Ensure physical security and business continuity.
- Enhance software security and cyber defence.
- Conduct security audits and assessments.

Who Should Attend?
IT professionals, security analysts, system administrators, and anyone looking to validate their cybersecurity expertise with the QISP certification.

Date of Course:
14 - 16 Apr 2025

REGISTER INTEREST

Ready to level up your cybersecurity career? The QISP Preparatory Course dives deep into the AiSP's IS-BOK 2.0, arming you with the knowledge to ace the QISP exam and master critical domains like governance, business continuity, operational, infrastructure and software security, as well as cyber defence. From aligning security with business goals to designing robust architectures, this course is your fast track to becoming a certified information security pro.

The Qualified Information Security Professional (QISP) certification is an up-and-coming programme from the Association of Information Security Professionals (AiSP) to raise the professional proficiency of information security practitioners in Singapore through training and qualification, and to build a critical pool of competent personnel in Singapore to handle, contain and manage cyber security threats.

For more info about QISP : <https://www.aisp.sg/qisp.html>
The course is from 14 to 16 Apr 2025 and it is SkillsFuture funded.
