AiSP Events and Updates

AiSP Ladies in Cyber – Capture the Flag 2025 9 March 2025

Step into the dynamic world of cybersecurity with our Ladies' Capture the Flag (CTF) Competition, an interactive, hands-on experience designed exclusively for women. This competition offers participants the chance to engage in real-world cybersecurity scenarios, solving puzzles in areas such as cryptography, network security, and web exploitation.

Through guided challenges, participants will gain practical skills, from identifying vulnerabilities to simulating attacks and defenses, providing invaluable exposure to cybersecurity tools and techniques in a supportive, collaborative environment.

Join us to unlock your potential, connect with like-minded peers, and gain confidence in tackling cybersecurity challenges head-on.

AiSP Ladies in Cyber Symposium 2025 9 March 2025

AiSP will be organising the fourth Ladies in Cyber Symposium on 09 March 2025 (Sun) at Marina Bay Sands (MBS) as part of the International Women's Day Celebration 2025 for female Youths and PMETs to know more about the importance of Cybersecurity and how women can play a role in it. We are expecting 150 Youths and professionals for the symposium. We are pleased to have with us Senior Minister of State for Ministry of Foreign Affairs & Ministry of National Development – Ms Sim Ann to be our distinguished Guest of Honour for the event.

The theme for the Ladies in Cyber Symposium 2025 is Accelerating Action: Empowering Women's Equality in Cybersecurity. In alignment with International Women's Day's call to #AccelerateAction for women's equality, the 2025 Ladies in Cyber Symposium will explore how gender diversity can propel innovation in cybersecurity. Ladies in Cyber Symposium 2025 event will feature Friendship Circles - small group discussions led by mentors that provide a supportive space for women to share experiences, seek advice, and build connections. Participants will engage in hands-on activities, workshops, and inspiring talks, focusing on overcoming barriers and driving real change to foster equality within the cybersecurity industry.

AiSP Blessing or Bane: Third-Party Vendors 17 March 2025

Managing Third-Party Vendor Risks: Are You Prepared?

As businesses expand, third-party vendors play a critical role in IT operations. However, without proper risk management, they can pose compliance and security challenges.

Join us for an insightful discussion with industry experts as we explore:

- ✓ How to effectively manage vendor-related risks
- ✓ Strengthening compliance through internal audits
- ✓ Key benchmarks and expectations for third-party vendors

Gain practical strategies and real-world insights from expert case studies to help safeguard your business.

AiSP Events and Updates

AiSP x Emereo Technology – Security-first AI powered networking from edge to cloud 20 March 2025

SECURITY-FIRST AI POWERED NETWORKING FROM EDGE TO CLOUD

20 MARCH 2025 | 2PM - 5PM
Empress Ballroom 1 CARLTON HOTEL SINGAPORE
76 Bras Basah Road, Singapore 189558

Speakers:
Andros Chen, HPE Aruba Networking
Shi Bin Dong, Consulting Systems Engineer (SASE) HPE Aruba Networking
Margob Chowdhury, Security Architect Microsoft
Goh Wei Han, Associate Professor Singapore Institute of Technology (SIT)

Logos: AiSP, HPE, Hewlett Packard Enterprise, IN-CRAM, Microsoft

Discover the key benefits of a security-first, AI-powered networking and how you can simplify Zero Trust adoption where it matters most and explore how Unified SASE empowers industry innovation.

Conquering the complexity of a reshaped landscape calls for networking that puts security first—activating Zero Trust principles intrinsically across all networking from edge to campus to data center to the cloud. Gain insights from our subject matter experts from HPE Aruba Networking and Microsoft on the latest trends in networking and security transformation where we will cover :

- **Architecting Your Network for the future with AI**
 - Streamline your SASE journey with **security-first AI powered networking**
 - Adaptable Networks: **Discover the flexibility of Aruba ESP architecture**
 - Revolutionizing IoT Connectivity – **Multivendor Integration**
 - **Unlock WAN performance** with optimized connection and AI
 - **Secure access to applications from anywhere, any devices**
 - Use cases on **Copilot for Security using AI**

AiSP LITE Conference 2025 8 April 2025

AiSP LITE CONFERENCE
8 APRIL 2025
9 AM - 3 PM
Marina Bay Sands Convention Centre

The Legal Investigative Technology Experts (LITE) Conference is a specialized event designed to bring together professionals from the legal, investigation, and technology space to explore the role of cutting-edge technology in the field of legal investigations. As the digital landscape continues to evolve, the intersection of technology, law, and investigation has become more complex, requiring experts to stay ahead of the curve to effectively tackle emerging challenges.

This conference offers a unique platform for legal professionals, law enforcement, forensic experts, and technology innovators to engage in discussions and collaborations on the use of advanced investigative tools, software, and methodologies. Key topics often include digital forensics, e-discovery, data privacy, cybersecurity, AI in investigations, blockchain, and the integration of emerging technologies into legal frameworks.

Organized by AiSP, through keynote presentations, and expert panels, participants will gain insights into how innovative tools and practices are shaping the future of digital investigations.

AiSP Courses to help advance in your Career & Knowledge

Qualified Information Security Professional Course (QISP) E-Learning

QISP Exam Preparatory E-Learning Course

Prepare for QISP Exam via E-Learning Anytime, Anywhere!

Our e-learning program is perfect for those who want to prepare for the QISP Exam based on AISP IS-BOK domains. With access for 12 months, you can study at your own pace on our beautifully designed and responsive e-learning platform.

Grab the exclusive launch offer at SGD 499 nett!

Special price of SGD 429 nett for AISP members!

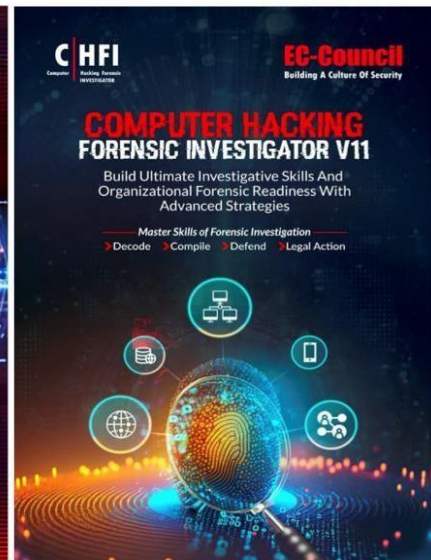

- Governance and Management
- Physical Security and Business Continuity
- Security Architecture and Engineering
- Operation and Infrastructure Security Software Security
- Software Security
- Cyber Defense

WISSEN Cyber Security Competency Development | enquiry@wissen-intl.com | www.wissen-intl.com

**Prepare for the Qualified Information Security Professional (QISP) examination
with our newly developed e-learning course, launched on 1 March 2024!**

Our highly responsive e-learning platform will allow you to learn anytime, anywhere with modular courses, interactive learning and quizzes. Complete the course in a month or up to 12 months! Enjoy lean-forward learning moments with our QISP/QISA preparatory e-learning course. Receive a certificate of completion upon completion of the e-learning course. Fees do not include QISP examination voucher. Register your interest [here!](#)

New versions launched!

The question is not if, but when a cyber incident will occur?

EC-Council's Certified Incident Handler (ECIH) program equips students with the knowledge, skills, and abilities to effectively prepare for, deal with, and eradicate threats and threat actors in an incident.

The newly launched Version 3 of this program provides the entire **process of Incident Handling and Response** and hands-on labs that teach the **tactical procedures and techniques** required to effectively **Plan, Record, Triage, Notify** and **Contain**.

ECIH also covers **post incident activities** such as **Containment, Eradication, Evidence Gathering** and **Forensic Analysis**, leading to prosecution or countermeasures to ensure the incident is not repeated.

With over **95 labs, 800 tools** covered, and exposure to Incident Handling activities on four different operating systems, ECIH provides a well-rounded, but tactical approach to planning for and dealing with cyber incidents.
