Matthew Ng
Senior Information Security Analyst at Roche

ORGANISED BY: VENUE SPONSOR:

Curious about how to break into bug bounty hunting or mobile app pentesting? 🔍

Join us for an engaging and interactive session where our speaker, Matthew Ng, will introduce you to the exciting world of cybersecurity!

Workshop Highlights:

- 🎯 Overview of bug bounty hunting & mobile app pentesting
- 💡 Learn essential skills to kickstart your cybersecurity career
- 🔍 Discover real-world case studies on bug bounties, including both the challenging and rewarding moments
 - ✂️ Tips on tools and techniques for mobile app security
 - 🧠 Insights on the feast-or-famine nature of bounty payouts
- 💬 Network with cybersecurity enthusiasts and aspiring pentesters

AiSP Events and Updates

AiSP Ladies in Cyber – Capture the Flag 2025 9 March 2025

Step into the dynamic world of cybersecurity with our Ladies' Capture the Flag (CTF) Competition, an interactive, hands-on experience designed exclusively for women. This competition offers participants the chance to engage in real-world cybersecurity scenarios, solving puzzles in areas such as cryptography, network security, and web exploitation. Through guided challenges, participants will gain practical skills, from identifying vulnerabilities to simulating attacks and defenses, providing invaluable exposure to cybersecurity tools and techniques in a supportive, collaborative environment.

Join us to unlock your potential, connect with like-minded peers, and gain confidence in tackling cybersecurity challenges head-on.

AiSP Ladies in Cyber Symposium 2025 9 March 2025

AiSP will be organising the fourth Ladies in Cyber Symposium on 09 March 2025 (Sun) at Marina Bay Sands (MBS) as part of the International Women's Day Celebration 2025 for female Youths and PMETs to know more about the importance of Cybersecurity and how women can play a role in it. We are expecting 150 Youths and professionals for the symposium. We are pleased to have with us Senior Minister of State for Ministry of Foreign Affairs & Ministry of National Development – Ms Sim Ann to be our distinguished Guest of Honour for the event.

The theme for the Ladies in Cyber Symposium 2025 is Accelerating Action: Empowering Women's Equality in Cybersecurity. In alignment with International Women's Day's call to #AccelerateAction for women's equality, the 2025 Ladies in Cyber Symposium will explore how gender diversity can propel innovation in cybersecurity. Ladies in Cyber Symposium 2025 event will feature Friendship Circles - small group discussions led by mentors that provide a supportive space for women to share experiences, seek advice, and build connections. Participants will engage in hands-on activities, workshops, and inspiring talks, focusing on overcoming barriers and driving real change to foster equality within the cybersecurity industry.

AiSP Events and Updates

AiSP x Cyber Security Agency of Singapore (CSA) x Rapid7 Security Day Singapore 2025 11 March 2025

Join us at the **AiSP x Cyber Security Agency of Singapore (CSA) x Rapid7 Security Day Singapore** on **Tuesday, 11th March 2025**, to gain an in-depth understanding of how the cyber threat landscape will evolve in 2025.

Special Guest Speaker

Hear from Veronica Tan, Director of the Safer Cyberspace Division at the Cyber Security Agency of Singapore (CSA). Her keynote, *"From Risk to Resilience - Cybersecurity as Your Competitive Advantage,"* will explore strategies for leveraging cybersecurity to drive business resilience and success.

2025 Threat Predictions

Rapid7's CTO will reveal emerging threats and evolving attack vectors, offering actionable prevention tactics to help you stay ahead of cybercriminals and prepare for the challenges of tomorrow.

Spotlight on Emerging Fields

Discover the latest advancements in **Continuous Red-Teaming (CTEM)**, **Cyber Asset Attack Surface Management (CAASM)**, and **Attack Surface Management (ASM)** on the Rapid7 Platform. See how these cutting-edge approaches are simplifying risk and compliance management through practical, real-world use cases.

AiSP LITE Conference 2025 8 April 2025

The Legal Investigative Technology Experts (LITE) Conference is a specialized event designed to bring together professionals from the legal, investigation, and technology space to explore the role of cutting-edge technology in the field of legal investigations. As the digital landscape continues to evolve, the intersection of technology, law, and investigation has become more complex, requiring experts to stay ahead of the curve to effectively tackle emerging challenges.

This conference offers a unique platform for legal professionals, law enforcement, forensic experts, and technology innovators to engage in discussions and collaborations on the use of advanced investigative tools, software, and methodologies. Key topics often include digital forensics, e-discovery, data privacy, cybersecurity, AI in investigations, blockchain, and the integration of emerging technologies into legal frameworks.

Organized by AiSP, through keynote presentations, and expert panels, participants will gain insights into how innovative tools and practices are shaping the future of digital investigations.

For AiSP Member, please reach out to AiSP Secretariat for Complimentary ticket

Special price of SGD 429 nett for AISP members!

- Governance and Management
- Physical Security and Business Continuity
- Security Architecture and Engineering
- Operation and Infrastructure Security Software Security
- Software Security
- Cyber Defense

WISSEN Cyber Security Competency Development | enquiry@wissen-intl.com | www.wissen-intl.com

Prepare for the Qualified Information Security Professional (QISP) examination with our newly developed e-learning course, launched on 1 March 2024!

Our highly responsive e-learning platform will allow you to learn anytime, anywhere with modular courses, interactive learning and quizzes. Complete the course in a month or up to 12 months! Enjoy lean-forward learning moments with our QISP/QISA preparatory e-learning course. Receive a certificate of completion upon completion of the e-learning course. Fees do not include QISP examination voucher. Register your interest [here!](#)

New versions launched!

The question is not if, but when a cyber incident will occur?

EC-Council's Certified Incident Handler (ECIH) program equips students with the knowledge, skills, and abilities to effectively prepare for, deal with, and eradicate threats and threat actors in an incident.

The newly launched Version 3 of this program provides the entire **process of Incident Handling and Response** and hands-on labs that teach the **tactical procedures and techniques** required to effectively **Plan, Record, Triage, Notify** and **Contain**.

ECIH also covers **post incident activities** such as **Containment, Eradication, Evidence Gathering** and **Forensic Analysis**, leading to prosecution or countermeasures to ensure the incident is not repeated.

With over **95 labs, 800 tools** covered, and exposure to Incident Handling activities on four different operating systems, ECIH provides a well-rounded, but tactical approach to planning for and dealing with cyber incidents.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!
