Who should attend this showcase?

SME/business owners, decision makers, IT managers, cybersecurity consultants

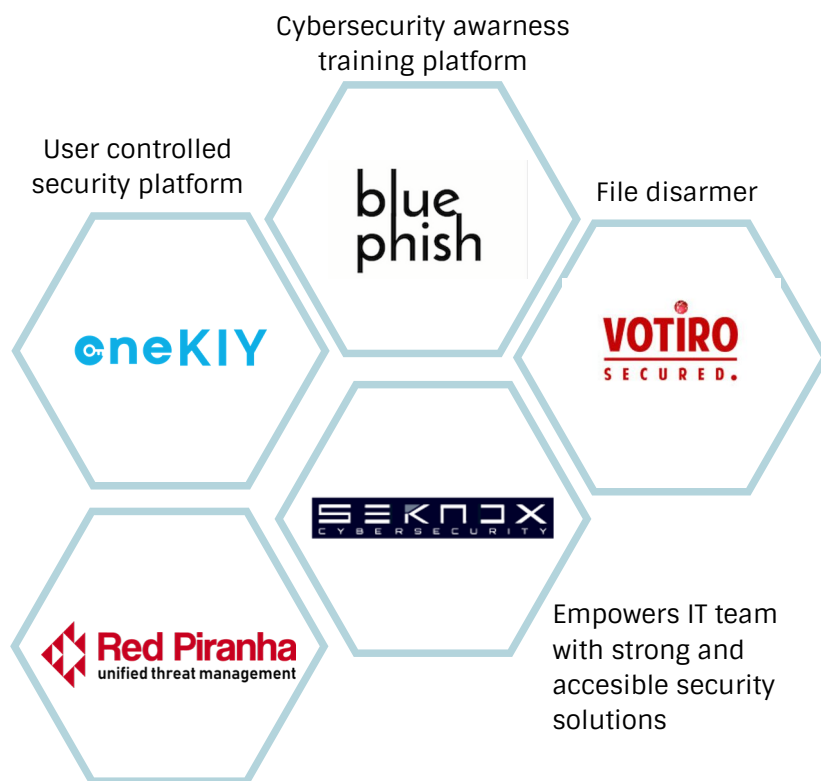

Why should you attend?

Like any other company, SMEs are equally vulnerable, or even more so - to cybersecurity breaches. If you are an SME that wants to set the foundation right for a sustainable business, and this includes protecting your company's most important digital assets with adequate cybersecurity - this is an event not to be missed!

Join us to:

- understand the array of cybersecurity solutions available and why SMEs should start adopting them
- learn how to get funding from the IMDA-SME Start Digital Pack to adopt cybersecurity solutions
- understand from startups providing SME-friendly cybersecurity solutions
