

AiSP X SFA webinar

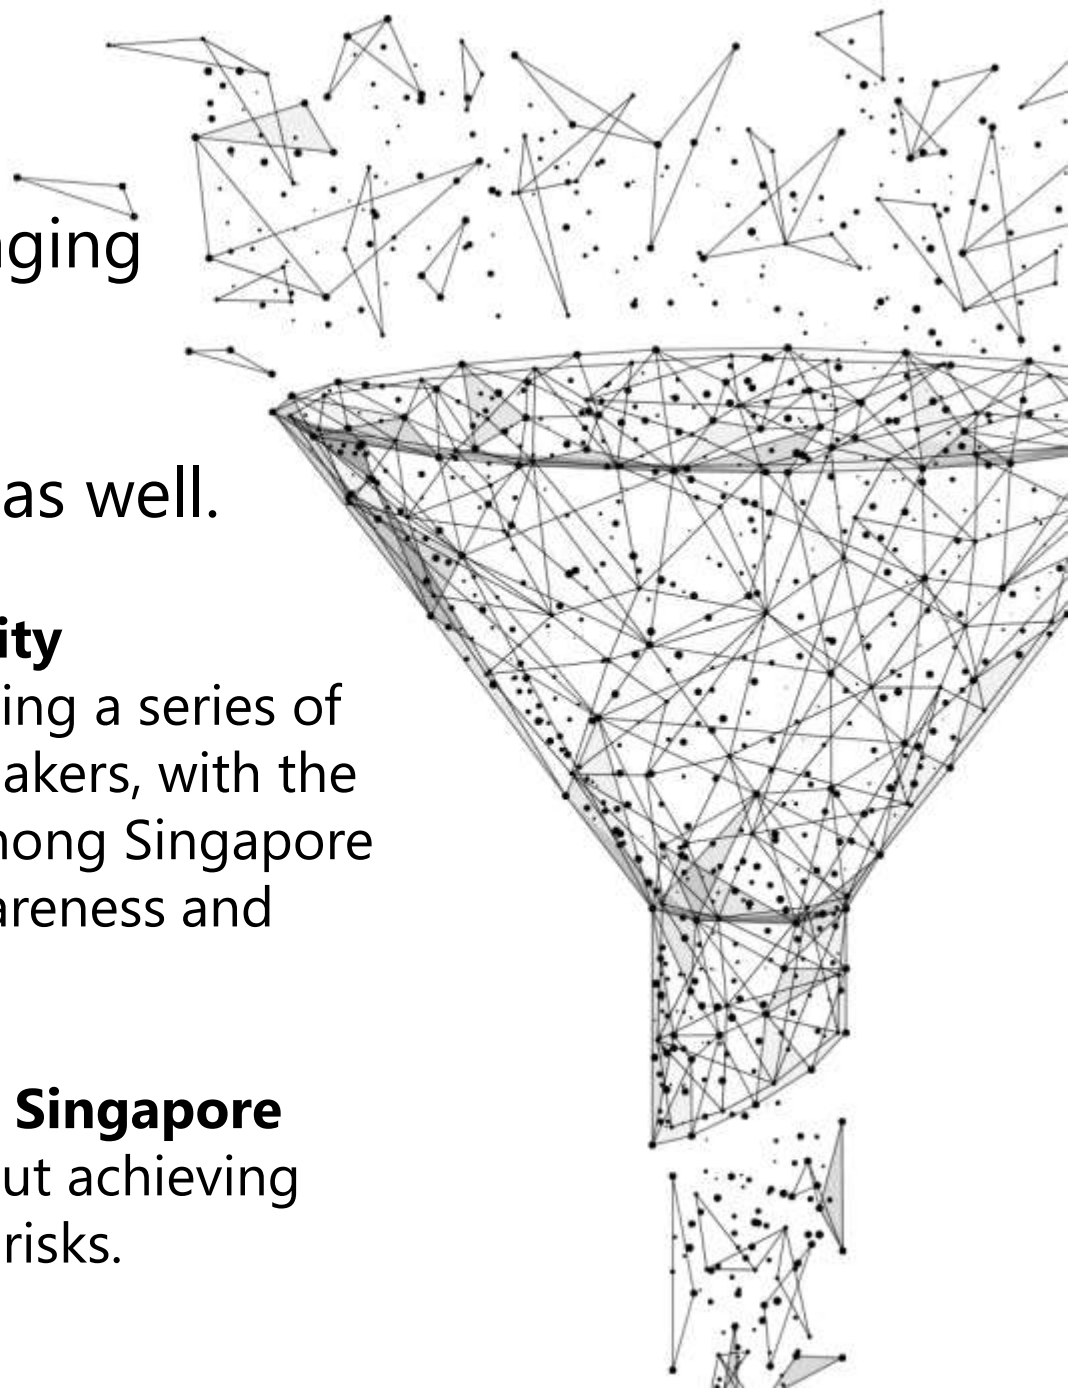

Cybersecurity Awareness Workshop for Singapore fintech companies

Thu 14 May 2020, 2 PM – 4 PM (SGT)

Singapore's fintech industry is among the forerunners in leveraging digital technology. Exciting opportunities abound and unfortunately, with hidden risks as well.

The **Association of Information Security Professionals (AiSP)** has been conducting a series of CAAP events together with industry speakers, with the aim to raise cybersecurity awareness among Singapore SMEs. CAAP refers to Cybersecurity Awareness and Advisory Programme, run by AiSP.

Join us at this webinar organised by the **Singapore Fintech Association** to know more about achieving business growth while mitigating cyber risks.
