

**Welcome Remarks by AiSP EXCO Member & SVRP Lead Ms Soffenny Yap
at
AiSP Inaugural Youth Symposium, 1 PM**

1. Good Afternoon Ladies and Gentlemen, distinguish guests. Welcome to AiSP Inaugural Youth Symposium. As part of Singapore Youth Day 2022, We have planned a day of enriching activities ranging from dialogue session, recruitment talk, internship opportunities by our partners and free courses to help youths to improve in their digital skills. We also have booths from our partners to provide insights to their industry to prepare our youths in their future endeavours.

2. Partners & Sponsors

The AiSP Youth Symposium was only made possible through the continual support from our partners and sponsors. We would like to thank the following partners and sponsors in no particular order:

1. Cyber Security Agency of Singapore
2. DBS
3. Government Technology Agency
4. Huawei
5. IMDA Digital for Life Movement
6. NTUC U Associate
7. Singapore Institute of Technology
8. ST Engineering

3. Launching of Cyber Watch, cyber hygiene game

Today also marks another milestone for AiSP as we will be launching Cyber Watch, a game that promotes cyber hygiene among Youths. I personally

played and I really like the content and the animation. As part of Digital for Life Movement, the game will allow youths to raise more awareness on cyber hygiene and how to protect themselves online. With this launch, AiSP hope to reach out and engage more youths to promote cyber hygiene and inspire more youths to embark on an exciting journey in the cybersecurity ecosystem.

4. AiSP Future Plans

Through our various activities for Youths, such as Student Volunteer Recognition Programme and learning journey to companies, AiSP will be working closely with our partners to reach out and encourage youths to explore their potential in cybersecurity.

5. I would also like to encourage more Youths to come forward to continue volunteering and contributing, as collectively, we will achieve a sustainable and cohesive cybersecurity ecosystem and a better future for our next generation. I looked forward to seeing more Youths to be recognised during our SVRP Awards Ceremony.
6. With that, I thank you for attending and hope everyone finds today's sharing beneficial.
