NEWS & UPDATE

New Partners

AiSP would like to welcome **Zentara** as our new Corporate Partner. AiSP looked forward to working with our Partners to contribute to the Cybersecurity Ecosystem.

New Corporate Partner

ZENTARA

Continued Collaboration

AiSP would like to thank Nanyang Technological University Singapore (NTU) for their continued support in developing the cybersecurity landscape:

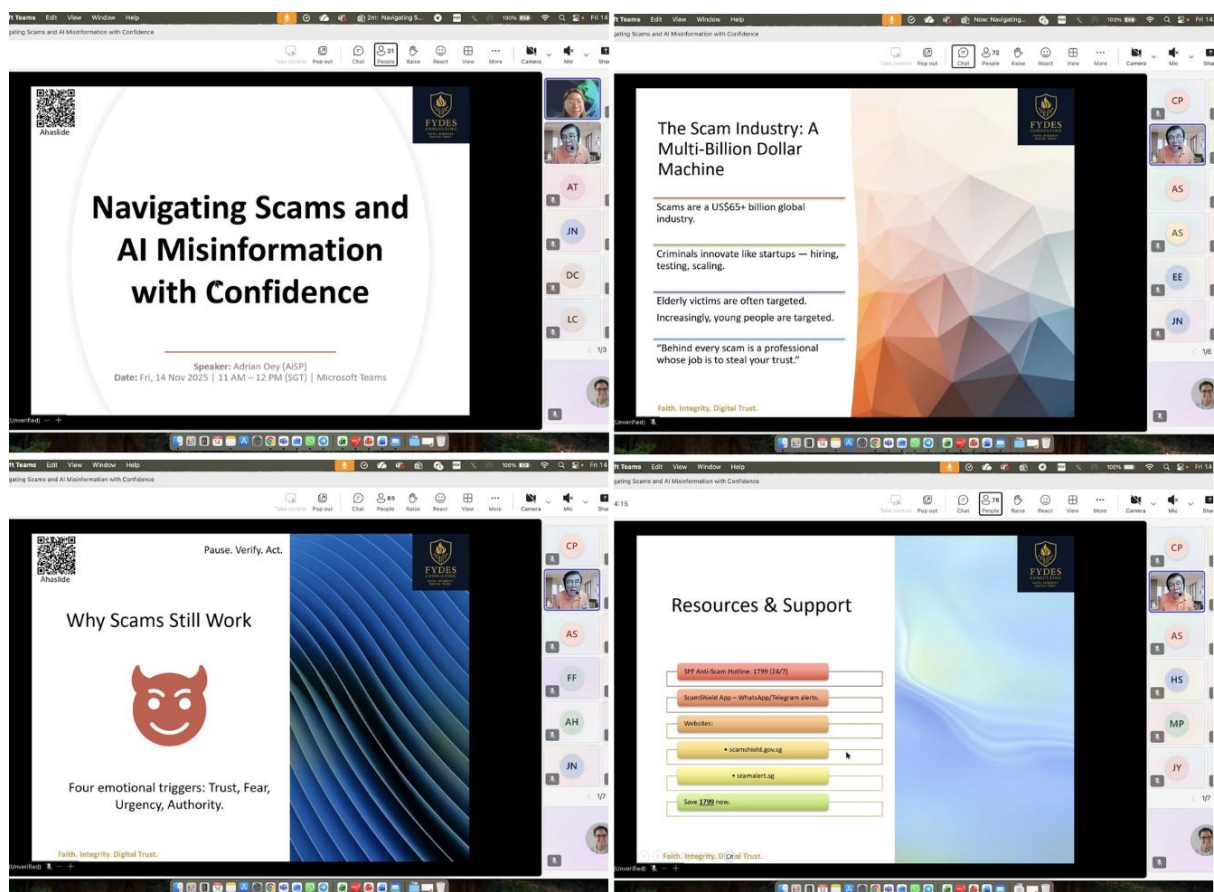

News & Updates

Navigating Scams and AI Misinformation with Confidence Webinar by Manulife Singapore on 14 November

It was an insightful morning at the webinar, Navigating Scams and AI Misinformation with Confidence, organised by Manulife Singapore, where more than 80 staff attended on 14 November.

Thank you to all who participated in the webinar and a big thank you to our speaker, AiSP EXCO member, Adrian Oey for delivering the webinar with engaging stories and highlighting emerging scam trends and how Gen AI is rewriting the scam playbook.

In light of this, there are many resources available and practical habits that participants could adopt, to navigate potential scams with clarity and confidence.

Learning Journey for CHIJ Educators @ AiSP Office on 26 November

On 26 November, we had the pleasure of hosting the educators from CHIJ Our Lady of Good Counsel (OLGC) at AiSP for an engaging and meaningful learning session.

CSA shared valuable insights on the Overview of Singapore's Cyber Landscape, common cyber threats including those targeting students, and practical cyber tips, initiatives, and resources that schools can tap on to strengthen cyber safety among youths.

The educators also enjoyed an immersive tour of the Punggol Digital District, gaining a firsthand look at how technology, cybersecurity and innovation come together to shape Singapore's digital future. Collaborations like this not only empower educators with essential cyber knowledge but also strengthen AiSP's mission in building a safer and more cyber-aware community across schools.

Thank you CHIJ OLGC for spending your afternoon with us! We look forward to supporting more schools on their cyber wellness journey!

Student Volunteer Recognition Programme (SVRP)

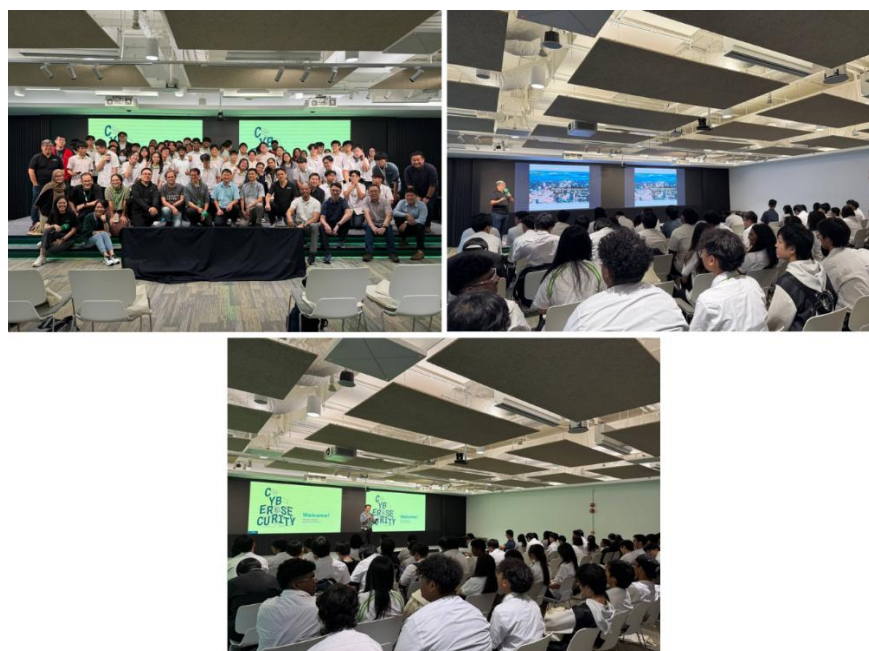

Learning Journey for Institute of Technical Education to Grab on 12 November

AiSP was delighted to co-organise with Grab a meaningful learning journey for the students from Institute of Technical Education (West) as they visited the Grab office for an enriching afternoon of tech insights and career inspiration. Throughout the session, students gained valuable exposure to real-world applications of cybersecurity and AI through a series of engaging talks:

- ◊ AI & Cyber Security – Understanding how organisations leverage AI to strengthen security.
- ◊ Cyber Threat Intelligence Sharing – Learning the importance of collaboration in combating cyber threats.
- ◊ Women in Cyber Security – Hearing inspiring career stories and pathways for aspiring female cybersecurity professionals.
- ◊ AiSP Sharing – Insights into the cybersecurity community and how students can grow through professional networks.
- ◊ Interactive Activity – A fun hands-on segment reinforcing the day's learning.

We believe early exposure to industry environments helps students build confidence, discover career possibilities, and understand how the skills they learn in school connect to the real world.

A big thank you to Grab for hosting the visit and to the educators and students from ITE College West for your enthusiasm and engagement. We look forward to more collaborations that inspire the next generation of cyber professionals!

Student Volunteer Recognition Awards Ceremony on 20 January 2026 (Call for Sponsorship)

The Student Volunteer Recognition Programme (SVRP) aims to encourage volunteerism amongst students while developing their interest in cybersecurity. It is organised by the Association of Information Security Professionals and backed by the Cyber Security Agency of Singapore (CSA).

The programme will see the involvement of Institutes of Higher Learning such as local Universities and Polytechnics as well as the Institute of Technical Education, with educators encouraging students to explore their potential in cybersecurity and develop their personal and professional abilities through volunteerism.

Industry players play an important role to offer internship opportunities for students to gain industry experience and become cybersecurity professionals in the future.

SVRP Award Ceremony 2025

Event Name: SVRP Awards Ceremony 2025

Venue : Singapore Institute of Technology (Ho Bee Auditorium)

Date: 20 January 2026 (Tuesday)

Time: 3:00 pm – 9:00 pm

Guest-Of-Honour: Mr Tan Kiat How
AiSP Patron
Senior Minister of State
Ministry of Digital Development and Information

Sponsorship opportunities are now open for the **SVRP Awards Ceremony**. Be part of this event and amplify your brand presence through the event!

AiSP Cyber Wellness Programme

Organised by:

Supported by:

In Support of:

The AiSP Cyber Wellness Programme aims to educate citizens, especially reaching out to the youths and elderly on the importance of Cybersecurity and learn how to stay safe online. There has been an increase in cyber threats, online scams and COVID-19 related phishing activities. With reduced Face-to-Face engagements, the elderly and those with special needs have become more vulnerable to cyber threats. We will reach out to different community groups to raise awareness on the topic of cyber wellness and cybersecurity and participants can pick up cyber knowledge through interactive learning. It is supported by the Digital for Life Fund, an initiative by the Infocomm Media Development Authority (IMDA), that supports digital inclusion projects and activities to help all Singaporeans embrace digital, to enrich lives."

Join us in our monthly knowledge series to learn and pick up tips on Cybersecurity. Visit our website (<https://www.aisp.sg/aispcyberwellness>) to get updates on the latest Cyber tips, Cyber news, activities, quiz and game happenings related to Cyber. Scan the QR Code to find out more.

Scan here for some tips on how to stay safe online and protect yourself from scams

Hear what some of our Professionals have to share. Scan here on Cyber - Use, Identity, Relationship, Citizenship & Ethics.

Have the knowledge and think you are safe? Challenge yourself and participate in our monthly quiz and stand to win attractive prizes. Scan now to take part.

Scan here if you are looking for activities / events to participate in for knowledge exchange / networking / get to know more people / stay protected & helping others.

Want to know more about Information Security? Scan here for more video content.

Special Interest Groups

AiSP has set up seven **Special Interest Groups (SIGs)** for active AiSP members to advance their knowledge and contribute to the ecosystem are:

- Artificial Intelligence
- CISO
- Cloud Security
- Data and Privacy
- DevSecOps
- Legal Investigative Technology Experts (LITE)
- Quantum Security

We would like to invite AiSP members to join our **Special Interest Groups** as there are exciting activities and projects where our members can deepen their knowledge together. If you are keen to be part of a SIG, please contact secretariat@aisp.sg

AiSP AI SIG Co-Lead Panelist Chat @ NTUC LearningHub AI Cyber Summit 2025 on 30 October

AiSP is delighted to share that our AI SIG Co-Lead, Cecil Su, was invited as a panelist for the fireside chat at the NTUC LearningHub AI Cyber Summit 2025 on 30 October. The session, "Responsible AI Meets Secure AI," brought together perspectives on how organisations can build trustworthy and resilient AI systems.

During the discussion, Cecil shared AiSP's perspective on how the convergence of AI ethics and cybersecurity is reshaping the skills required for Singapore's workforce, and the emerging competencies professionals must build to stay future-ready. The key message was clear: Responsible AI requires education, ethics, and enforcement — organisations must learn before they automate.

The fireside chat wrapped up the session with Q&A, addressing questions on AI security, ethical risks, and job transformation in the AI-driven future.

CISO SIG Cyber-Physical Panel @ Punggol Digital District on 25 November

On 25 November, we had the privilege of hosting an insightful panel discussion on one of the most pressing challenges in critical infrastructure today: balancing compliance with real cyber capability.

A big thank you to our distinguished speakers for sharing their experience and perspectives:

- ◊ Christophe Blassiau, Global CISO, Schneider Electric
- ◊ Too Ping Tan, CISO, Changi Airport Group
- ◊ Raymond Ung, Senior Assistant Director, CSA Singapore
- ◊ Moderator: Perry Young, CISO – Customer Technology Advisory ASEAN, Kyndryl

The panel shared practical insights on staying resilient while navigating evolving regulations, OT complexity and growing cyber threats. The discussion highlighted the importance of balancing compliance with real capability, strengthening collaboration, and fostering leadership that sees compliance as an enabler rather than a barrier. A special shoutout to Schneider Electric for kindly sponsoring the food and beverages for the session. Your support helped make this event a success. Thank you to all who joined us—we look forward to seeing you at the next AiSP CISO SIG session!

The Cybersecurity Awards

The Cybersecurity Awards 2025 @ Marina Bay Sands on 21 November

TCA 2025 wraps up with a proud celebration of legacy, growth, and excellence in Singapore's cybersecurity community.

Congratulations to the winners of The Cybersecurity Awards 2025:

Hall of Fame: Mr Yum Shoen Yih

Leader: Emil Tan

Professional: Yu Pengfei and Zhou Zhihao

Student: Chan Yanliang and Rohan Senthil

MNC Vendor: Ensign InfoSecurity (Singapore) Pte Ltd

SME Vendor: Athena Dynamics Pte Ltd

MNC End User: DBS Bank

Your achievements reflect the highest standards of professionalism, dedication, and leadership in Singapore's cybersecurity community. We celebrate your success and we look forward to seeing your continued impact in the years ahead.

Digital for Life

Digital for Life Initiative @ Inland Revenue Authority of Singapore (IRAS) on 12 November

On 12 Nov, as part of our Digital for Life initiative, AiSP reached out to more than 300 people at Inland Revenue Authority of Singapore (IRAS), comprising of staff from IRAS, CUSTOMS, SLA, AGO and ACRA as well as the public.

We would like to thank IRAS for this opportunity to promote cyber safety and to raise awareness of scams and the benefits and risks of AI.

UOB is one of the donors to the Digital for Life Fund and is a proud sponsor of Future-Ready: Mastering AI & Digital Skills for Every Generation.

PROFESSIONAL DEVELOPMENT

Qualified Information Security Professional (QISP®)

QISP Masterclass Workshop on 28 November

Thank you, Republic Polytechnic for conducting an insightful and interactive training session. We were thrilled to welcome over 30 participants who joined us for this masterclass, enjoying hands-on engagement through Kahoot quizzes, videos and discussions — making the learning experience both fun and impactful.

Cybersecurity continues to grow in importance as organisations face increasingly frequent and sophisticated cyber-attacks. Since 2010, AiSP's Qualified Information Security Professional (QISP) Programme has supported the development of skilled professionals who can meet these challenges. The Masterclass is built on AiSP's Information Security Body of Knowledge (IS BOK) 2.0, designed to provide learners with a strong foundation across key cybersecurity domains. Whether you're starting out or looking to strengthen your credentials, the QISP programme is a great way to kickstart your journey in the cybersecurity industry.

Thank you once again to all trainers, partners and participants for making this session a success!

QISP Masterclass Workshop on 14 January 2026

The graphic is a dark-themed promotional poster for the QISP Workshop. On the left, there is a stylized illustration of a blue circuit board with a glowing shield icon in the center. To the right of this, the text 'QISP WORKSHOP' is prominently displayed in large, bold, white and blue letters. Below this, a subtitle reads 'Kickstart your cybersecurity journey with recognised QISP certification'. Further down, three grey rectangular boxes provide event details: the first box shows a calendar icon and the date '14 Jan 2025 Wednesday'; the second box shows a clock icon and the time '9.00AM - 5.00PM'; the third box shows a location pin icon and the address 'AiSP Office, Punggol Digital District, 84 Punggol Way, #07-69, S(829911)'. To the right of these boxes is a large QR code. Below the QR code is a blue button with the text 'REGISTER HERE' and a white hand cursor icon pointing at it. At the bottom of the graphic, there are logos for the organizing body (AiSP), supporting agency (CSA Singapore), training partner (Republic Polytechnic), and the event's theme (Cybersecurity Agency of Singapore).

Online QISP Exam Preparatory Course

QISP Exam Preparatory E-Learning Course

Prepare for QISP Exam via E-Learning Anytime, Anywhere!

Our e-learning program is perfect for those who want to prepare for the QISP Exam based on AiSP IS-BOK domains. With access for 12 months, you can study at your own pace on our beautifully designed and responsive e-learning platform.

Grab the exclusive launch offer at SGD 499 nett!

Special price of SGD 429 nett for AiSP members!

- Governance and Management
- Physical Security and Business Continuity
- Security Architecture and Engineering
- Operation and Infrastructure Security Software Security
- Software Security
- Cyber Defense

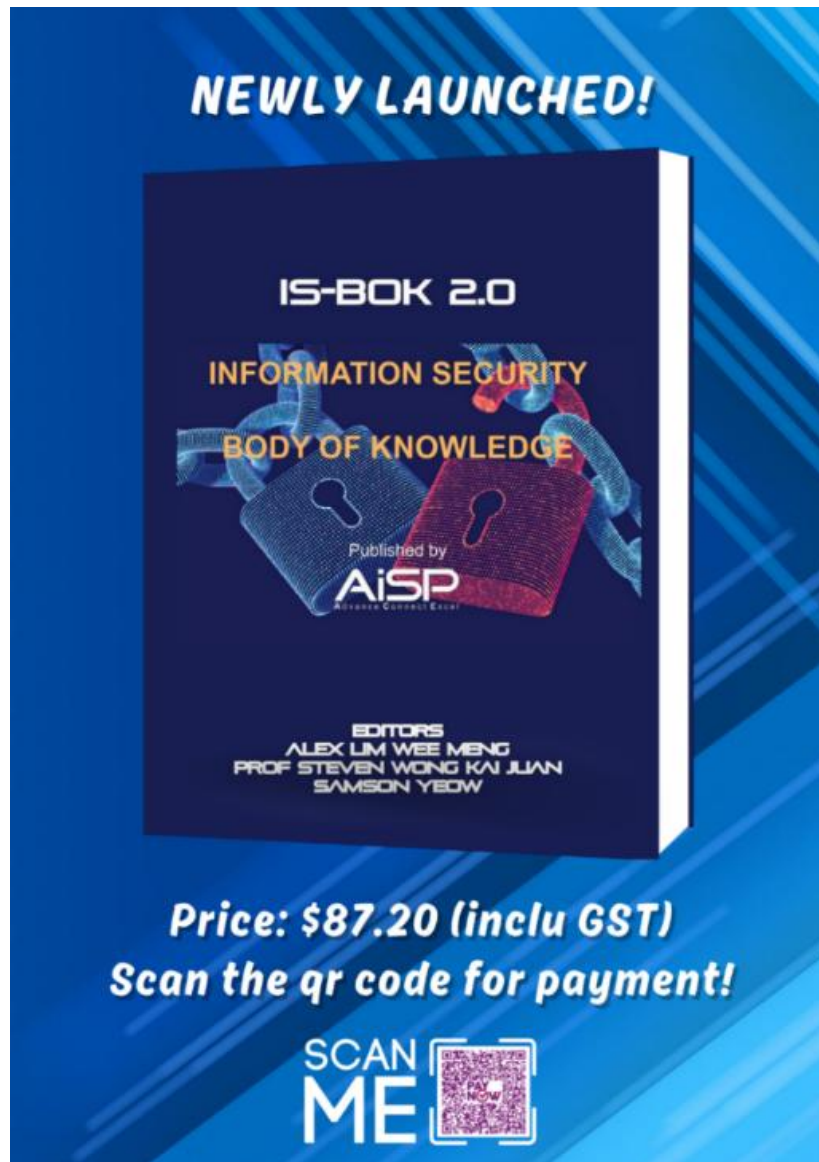

WISSEN Cyber Security Competency Development | enquiry@wissen-intl.com | www.wissen-intl.com

The QISP examination enables the professionals in Singapore to attest their knowledge in AiSP's Information Security Body of Knowledge domains. Candidates must achieve a minimum of 50-64% passing rate to attain the Qualified Information Security Associate (QISA) credential and 65% and above to achieve the Qualified Information Security Professional (QISP) credential.

Our highly responsive e-learning platform will allow you to learn anytime, anywhere with modular courses, interactive learning and quizzes. Complete the course in a month or up to 12 months! Enjoy lean-forward learning moments with our QISP/QISA preparatory e-learning course. Receive a certificate of completion upon completion of the e-learning course. Fees do not include QISP examination voucher. Register your interest [here!](#)

MEMBERSHIP

AiSP Membership

Complimentary Affiliate Membership for Full-time Students in APP Organisations

If you are currently a full-time student in the IHLs that are onboard of our [Academic Partnership Programme \(APP\)](#), AiSP is giving you complimentary Affiliate Membership during your course of study. Please click [here](#) for the application form and indicate your student email address, expected graduation date and name of your institution in the form.

Complimentary Affiliate Membership for NTUC Members

AiSP offers one-time one-year complimentary Affiliate Membership to all active NTUC members (membership validity: 2025) from 1 Jan 2025 to 31 Dec 2025. The aim is for NTUC members to understand and know more about information security and Singapore's cybersecurity ecosystem. [This does not include Plus! card holder \(black-coloured card\), please clarify with NTUC on your eligibility.](#)

On [membership application](#), please do not email your personal data to us via email if your information or attachment is not password-protected. Please send us your password via [Telegram](#) (@AiSP_SG).

Once we receive confirmation from NTUC on the validity of your NTUC membership, AiSP would activate your one-year complimentary AiSP Affiliate membership.

CPP Membership

For any enquiries, please contact secretariat@aisp.sg

AVIP Membership

AiSP Validated Information Security Professionals (**AVIP**) membership helps to validate credentials and experience for IS-related work including cybersecurity, professional development, and career progression for our professionals.

Membership Renewal

Individual membership expires on 31 December each year. Members can renew and pay directly with one of the options listed [here](#). We have GIRO (auto - deduction) option for annual auto-renewal. Please email secretariat@aisp.sg if you would like to enrol for GIRO payment.

Be Plugged into Cybersecurity Sector – Join us as a Member of AiSP!

Please check out our website on [Job Advertisements](#) by our partners. For more updates or details about the memberships, please visit www.aisp.sg/membership.html

AiSP Academic (MoU) Partners

Our Story...

We are an independent cybersecurity association that believes in developing, supporting as well as enhancing industry technical competence and management expertise to promote the integrity, status and interests of Information Security Professionals in Singapore.

We believe that through promoting the development, increase and spread of cybersecurity knowledge, and any related subject, we help shape more resilient economies.

Our Vision

A safe cyberspace supported by a strong and vibrant cybersecurity ecosystem.

Our Mission

AiSP aims to be the pillar for Information Security Professionals and the overall Information Security Profession through:

- promoting the integrity, status and interests of Information Security Professionals in Singapore.
- enhancing technical competency and management expertise in cybersecurity.
- bolstering the development, increase and spread of information security knowledge and its related subjects.
