

**Elevate Your Cybersecurity:
Cutting-Edge Protection for Hedge Funds and Venture Capital Firms**

The SierraAI x Bitdefender solution is tailored for Singapore-based hedge funds and venture capital firms. It helps you navigate complex cybersecurity landscapes while ensuring compliance with MAS Technology Risk Management (TRM) Guidelines.

Addressing challenges such as regulatory compliance, diverse security needs, third-party risk management, cross-border data privacy and key man risk, this provides the following solutions:

- Streamlined compliance
- Robust third-party management
- Cybersecurity of portfolio companies
- Advanced Incident Response
